"FCC license renewal application"

Dear FCC License Contact;

We have reviewed FCC records and it shows that you or your company were granted an FCC license under call sign **KNGT207** and now is scheduled to expire **20230604**. Your license was granted ten years ago and must be updated if you plan to continue operations of your communications system. If you do not update, (**renew/modify**) your existing FCC license it will expire along with your authorization to operate your communications system.

Your current FCC call sign **KNGT207** is due to expire on **20230604**. If you still use the frequencies covered by the call sign that is shown, you will need to renew your license, or you will lose your authorization to operate. **Business Radio Licensing** has been filing new licenses, modifications and renewal applications with the FCC for over **30 years** and we can help you file your renewal or renewal/modification for you. **For assistance in the filing of your license renewal or renewal with modification follow the instructions below.**

- (A) Review license information contained below; Show any changes directly on form since last licensed.
- (B) **MUST** provide valid contact information (contact person, telephone number & fax number/email) so that appropriate documentation is forwarded correctly.
- (C) **Enclose a processing fee of \$110.00** made payable to: **Business Radio Licensing**. - Must include this information sheet with payment. Credit card request form enclosed is an optional form of payment.
***Additional FCC fees apply to non-governmental entities (as noted on back page) and will be billed once renewal request has been initiated*.**

Additional FCC filing fees will become necessary to complete your renewal application unless you are a Governmental entity. We will forward to you FCC form 601 for signature as well as bill you for any FCC filing fees should they apply to your license. Please see back page for current FCC fees depending on your frequency and radio service. Time is of the essence and all forms and fees must be received in our office 90 days prior to the expiration date to avoid additional late waiver fees or even termination of call sign.

Should you have any questions concerning your license you can call our office between the hours of 8:30AM and 3:30PM Pacific Time Monday through Friday **toll free at (800) 783-9006 or you can visit our website at businessradiolicensing.com**

****New Narrowbanding Standards to take effect on January 1, 2013****

Many licensees are currently modifying their licenses as they renew them to add the narrowband emissions to comply with the 2013 deadline. All licensees operating in VHF/UHF (150-174, 421-470 Mhz) are subject to this requirement and will have their licenses cancelled sometime after January 1, 2013 if not compliant. Please visit our website at businessradiolicensing.com or call our office to learn more about this upcoming regulation and how to add this emission to your renewal application.
